

For Immediate Release

30 July 2008

Millionaire's Row

Wharf Street, Maryborough is the latest street in the Fraser Coast region to command a million dollar price tag.

Developer, Belela Pty Ltd today unveiled the price list for its Riverview on March development. The price for the riverfront apartments range from \$1,150,000 to \$799,000.

Riverview on March is located directly opposite the Mary River and is a high quality, luxury boutique development of only 6 oversized apartments. Its unique position ensures that these homes will always be exclusive and in demand.

Ron Bylth from Belela said "This is an exciting project for the future growth and development of Maryborough."

"Available coastal property in Queensland is becoming scarcer and more expensive which is fuelling a growing tree change trend as people seek value. I believe that Maryborough with its historical charm and position on the river is perfectly poised to become a desirable river change destination."

"I am very pleased to be building apartments that we hope will set a high benchmark for development in town." he said.
